APPLICATION PACKET FOR Environmental Evaluation

Planning Department
1650 Mission Street
Suite 400
San Francisco, CA
94103-9425

T: 415.558.6378
F: 415.558.6409

Pursuant to the California Environmental Quality Act (CEQA), public agencies must review the environmental impacts of proposed projects. The CEQA process is codified in the California Public Resources Code, Sections 21000 et seq., the California Code of Regulations, Title 14, Sections 15000 et seq., and Chapter 31 of the San Francisco Administrative Code.

WHAT IS ENVIRONMENTAL EVALUATION?

Environmental evaluation pursuant to CEQA is an objective process that is intended to disclose to decision makers and the public the significant environmental effects of proposed projects, to require agencies to reduce or avoid environmental effects, to disclose reasons for agency approval of projects with significant environmental effects, to enhance public participation, and to foster intergovernmental coordination. In San Francisco, the Environmental Planning Division of the San Francisco Planning Department administers the CEQA review process. More information on the environmental review process and how it is administered in San Francisco is available on the Planning Department's Environmental Planning web pages.

WHEN IS ENVIRONMENTAL EVALUATION NECESSARY?

Projects subject to CEQA are those actions that require a discretionary decision by the City; have the potential to result in a direct or reasonably foreseeable indirect physical change in the environment; or fall within the definition of a "project" as defined by the CEQA Guidelines in Sections 15060(e) and 15378. A project may be determined to be statutorily or categorically exempt from CEQA or may require an initial study to determine whether a negative declaration or environmental impact report (EIR) is required. Planners at the Planning Information Center (PIC) counter (1660 Mission Street, First Floor) may issue an exemption stamp or require that the project sponsor file an Environmental Evaluation Application.

Projects that create six or more dwelling units, and/or projects that involve the construction of a new building or addition of 10,000 square feet or more must first undergo a Preliminary Project Assessment (PPA). **If your project meets these thresholds, you must first submit a PPA Application before you submit the Environmental Evaluation Application.**

HOW DOES THE PROCESS WORK?

The Environmental Evaluation Application may be filed prior to or concurrently with the building permit application; however, the City may not approve projects or issue permits until the environmental review process is complete.

No appointment is required but Environmental Planning staff are available to meet with applicants upon request. The Environmental Evaluation Application will not be processed unless it is completely filled out and the appropriate fees are paid in full. See the current Schedule of Application Fees (available online). Checks should be made payable to the San Francisco Planning Department. Fees are generally non-refundable.

WHO MAY SUBMIT AN ENVIRONMENTAL EVALUATION APPLICATION?

Only the property owner or a party designated as the owner's agent may submit an Environmental Evaluation Application. (A letter of agent authorization from the owner must be attached.)

WHAT TO INCLUDE ON THE PROJECT DRAWINGS

Project drawings submitted with the Environmental Evaluation Application must be in 11x17 format and, in most cases, must include existing and proposed site plans, floor plans, elevations, and sections, as well as all applicable dimensions and calculations for existing and proposed floor area and height. The plans should clearly show existing and proposed structures on both the subject property and on immediately adjoining properties; off-street parking and loading spaces; driveways and trash loading areas; vehicular and pedestrian access to the site, including access to off-street parking and parking configuration; and bus stops and curbside loading zones within 150 feet of the site.

SPECIAL STUDIES THAT MAY BE NEEDED

To assist in the environmental evaluation process, the project sponsor may be required to provide supplemental data or studies, as determined by Planning staff, to address potential impacts on cultural, paleontological, or historical resources, soils, traffic, biological resources, wind, shadows, noise, air quality, or other issue areas. Neighborhood notification may also be required as part of the environmental review processes.

HISTORIC RESOURCE REVIEW

All properties over 45 years of age in San Francisco are considered potential historic resources. If the proposed project involves physical alterations to a building over 45 years in age, you may be requested by Planning staff to provide additional information to determine (1) whether the property is a historic resource, and (2) whether the proposed project may cause a substantial adverse change in the significance of a historic resource. If requested by a Planner, you must submit the Supplemental Information for Historic Resource Evaluation form with the Environmental Evaluation Application.

The property may have already been evaluated as a historic resource through previous survey or analysis. Please consult the Preservation tab of the Property Information Map on the Planning Department's website. Certain types of projects will require a complete Historic Resource Evaluation (HRE) to be prepared by a professional preservation consultant. For further information, please consult with a preservation planner at the PIC counter.

COMMUNITY PLAN EXEMPTION

Community plan exemption (CPE) from CEQA review may be issued for projects within adopted plan areas that would not otherwise be exempt, if they are determined not to create significant impacts beyond those identified in the applicable area plan EIR. There are three possible outcomes of this process: Preparation of (1) a CPE only, (2) a CPE and a focused initial study/mitigated negative declaration, or (3) a CPE and a focused EIR.

PROJECTS THAT ARE DETERMINED NOT TO BE EXEMPT

Projects that require mitigation measures are not eligible for environmental exemption. If Planning staff determines that the project is not exempt from CEQA review, an initial study will be required. The applicable environmental evaluation fee is based on the construction cost of the proposed project. Based on the analysis of the initial study, Planning staff will determine that the project will be issued either (1) a negative declaration stating that the project would not have a significant effect on the environment, or (2) an EIR if there is substantial evidence of one or more significant impacts.

HOW TO SUBMIT THE APPLICATION

The complete Environmental Evaluation Application should be submitted as follows: For projects that underwent Preliminary Project Assessment and already received the PPA letter, send the Environmental Evaluation Application to the attention of Chelsea Fordham. For all other projects, including those that require historical resource review only, send the Environmental Evaluation Application to the attention of Jeanie Poling. A preservation planner will be assigned to complete the historical review. Once an application is submitted, historical review questions may be directed to Tina Tam.

APPLICATION FOR Environmental Evaluation

1. Owner/Applicant Information

PROPERTY OWNER'S NAME:	
PROPERTY OWNER'S ADDRESS:	TELEPHONE: ()
	EMAIL:

APPLICANT'S NAME:		Same as Above <input type="checkbox"/>
APPLICANT'S ADDRESS:	TELEPHONE: ()	
	EMAIL:	

CONTACT FOR PROJECT INFORMATION:		Same as Above <input type="checkbox"/>
ADDRESS:	TELEPHONE: ()	
	EMAIL:	

2. Location and Classification

STREET ADDRESS OF PROJECT:	ZIP CODE:
CROSS STREETS:	

ASSESSORS BLOCK/LOT: /	LOT DIMENSIONS:	LOT AREA (SQ FT):	ZONING DISTRICT:	HEIGHT/BULK DISTRICT:
COMMUNITY PLAN AREA (IF ANY):				

3. Project Description

(Please check all that apply) <input type="checkbox"/> Change of Use <input type="checkbox"/> Change of Hours <input type="checkbox"/> New Construction <input type="checkbox"/> Alterations <input type="checkbox"/> Demolition <input type="checkbox"/> Other Please clarify: _____	ADDITIONS TO BUILDING: <input type="checkbox"/> Rear <input type="checkbox"/> Front <input type="checkbox"/> Height <input type="checkbox"/> Side Yard	PRESENT OR PREVIOUS USE:	
		PROPOSED USE:	
		BUILDING APPLICATION PERMIT NO.:	DATE FILED:

4. Project Summary Table

If you are not sure of the eventual size of the project, provide the maximum estimates.

	EXISTING USES:	EXISTING USES TO BE RETAINED:	NET NEW CONSTRUCTION AND/OR ADDITION:	PROJECT TOTALS:
PROJECT FEATURES				
Dwelling Units				
Hotel Rooms				
Parking Spaces				
Loading Spaces				
Number of Buildings				
Height of Building(s)				
Number of Stories				
Bicycle Spaces				
GROSS SQUARE FOOTAGE (GSF)				
Residential				
Retail				
Office				
Industrial				
PDR Production, Distribution, & Repair				
Parking				
Other (Specify Use)				
TOTAL GSF				

Please provide a narrative project description that summarizes the project and its purpose or describe any additional features that are not included in this table. Please list any special authorizations or changes to the Planning Code or Zoning Maps if applicable.

5. Environmental Evaluation Project Information

1. **Would the project involve a major alteration of a structure constructed 45 or more years ago or a structure in a historic district?** YES NO

If yes, submit the *Supplemental Information for Historic Resource Evaluation* application.

2. **Would the project involve demolition of a structure constructed 45 or more years ago or a structure located in a historic district?** YES NO

If yes, a historic resource evaluation (HRE) report will be required. The scope of the HRE will be determined in consultation with Preservation Planning staff.

3. **Would the project result in excavation or soil disturbance/modification?** YES NO

If yes, please provide the following:

Depth of excavation/disturbance below grade (in feet): _____

Area of excavation/disturbance (in square feet): _____

Amount of excavation (in cubic yards): _____

Type of foundation to be used (if known) and/or other information regarding excavation or soil disturbance modification:

Note: A geotechnical report prepared by a qualified professional must be submitted if one of the following thresholds apply to the project:

- *The project involves a lot split located on a slope equal to or greater than 20 percent.*
- *The project is located in a seismic hazard landslide zone or on a lot with a slope average equal to or greater than 20 percent and involves either*
 - *excavation of 50 or more cubic yards of soil, or*
 - *building expansion greater than 1,000 square feet outside of the existing building footprint.*

A geotechnical report may also be required for other circumstances as determined by Environmental Planning staff.

4. **Would the project involve any of the following: (1) construction of a new building, (2) relocation of an existing building, (3) addition of a new dwelling unit, (4) addition of a garage or parking space, (5) addition of 20 percent or more of an existing building's gross floor area, or (6) paving or repaving of 200 or more square feet of an existing building's front setback?** YES NO

If yes, please submit a *Tree Planting and Protection Checklist*.

5. **Would the project result in any construction over 40 feet in height?** YES NO

If yes, please submit a *Shadow Analysis Application*. This application should be filed at the PIC and should not be included with the Environmental Evaluation Application. (If the project already underwent Preliminary Project Assessment, this application may not be needed. Please refer to the shadow discussion in the PPA letter.)

6. **Would the project result in a construction of a structure 80 feet or higher?** YES NO

If yes, an initial review by a wind expert, including a recommendation as to whether a wind analysis is needed, may be required, as determined by Planning staff. (If the project already underwent Preliminary Project Assessment, please refer to the wind discussion in the PPA letter.)

7. **Would the project involve work on a site with an existing or former gas station, auto repair, dry cleaners, or heavy manufacturing use, or a site with underground storage tanks?** YES NO

If yes, please submit a Phase I Environmental Site Assessment (ESA) prepared by a qualified consultant. If the project is subject to Health Code Article 22A, Planning staff will refer the project sponsor to the Department of Public Health for enrollment in DPH's Maher program.

8. **Would the project require any variances, special authorizations, or changes to the Planning Code or Zoning Maps?** YES NO

If yes, please describe.

9. **Is the project related to a larger project, series of projects, or program?** YES NO

If yes, please describe.
